ASSEMBLY MANUAL

Complete Portable Trussing System

This trussing system offers easy set-up and high stability. It comes complete with two tripods that telescope to nine feet featuring two locking grooved pins. Also included are two T-bars and two five-foot trusses that securely lock together to create a 10-foot trussing span or they can be used separately. This trussing system is excellent for mobile DJs, bands, and rentals.

Specifications:

Weight: 24KG

Load Capacity: 100Kg guaranteed.

Note: The security tube is very important, installation must be completed.
