

StreetGlow®

HOME-NEON® ADAPTER

CONTENTS:

1 - Home-Neon® Distribution Block

1 - Power Supply

*All necessary mounting hardware**

*International power adapter may be required

INSTRUCTIONS:

1) Connect the wires of lighting product to the distribution block.

NOTE: Distribution block is capable of handling up to 2.5A of current

2) Wire connections of lighting product:

Striped wire = positive (+)

Solid wire = negative (-)

3) Plug the AC adapter into 110-220V AC outlet.

4) Plug the other end of AC adapter to the distribution block.

5) Press the power button to turn distribution block "ON."

NOTE:

If distribution block is overloaded, the Green status L.E.D. will turn Red. To reset, turn power off and turn back on.
